
YESHIVAS BE'ER YITZCHOK

TEXTBOOK INFORMATION

Yeshivas Be'er Yitzchok offers a highly specialized program of study in Talmud and related subjects. All textbooks are readily available for use on open stacks in the study hall and school library. Students who wish to purchase their own copies of the texts studied may purchase them on their own.

Many students prefer to have their own Gemarah, Kovetz Miforshim, and Shaarei Teshuva, which cost between \$35 and \$55 each, depending on the publisher and edition. Most texts used in the program are reprints of the Talmud and other classical texts that do not have ISBN numbers.
